November-December 2011

Dear Friends in Christ,

We departed Mission, Texas on October 21st and returned on November 20th. We had meetings in Texas, Oklahoma, and Missouri.

It was a real blessing to visit some of our supporting churches, and also friends and family. We had not seen some of these folks for a while. It was an exciting and happy time for us. We praise our Lord for some wonderful supporting churches and great Christian friends! God has truly been gracious to the Woodfield family!

All of our meetings went very well and we had no car trouble. We were provided with excellent accommodations. The food and fellowship were fantastic! What an honor and privilege to have such kind, caring, wonderful friends!

While in the Kansas City area, we were also able to visit with our granddaughter, Christina Trent. She has been experiencing some physical problems and we would appreciate your prayers for her health. Some of you have already been praying and we wish to ask you to continue.

Kevin, Connie, Paige and Austin were able to be with us for Thanksgiving this year. We thank the Lord for the time that He allows us to spend together, as a family. The older we get, the more we appreciate family time. Precious moments!!!

Don, LeAnn and Shawn are all doing well. Shawn finished up his football season on a high note. He was able to play in the District Play-Offs.

We continue to ship our DVD Bible courses around the world and have received some new contacts. Australia and Aruba contacted us this past month about using our courses. There are some Mexican immigrants attending their services. These churches wish to reach them for the Lord and teach them the scriptures. It seems strange to have non-Spanish speaking countries wanting to order our Spanish courses.

Eddie's health continues to improve. Please continue for his physical needs. We appreciate your love, kindness and prayers for us.

Eddie and Dianna Woodfield
