

Eddie & Dianna Woodfield
Missionaries to
MEXICO

March-April 2008

Dear Friends,

The months of March and April were given to remodeling, cleaning, painting, and moving into new spaces. I did not realize the work involved in this project. I must be getting older, weaker and slower. I cannot keep up with Russell and Kirk :o)

Once again, I wish to express my thankfulness and gratitude to our Winter-Texan friends. We have an excellent group of Winter-Texans (Snow-Birds) who love the Lord and our ministry. These wonderful people have performed countless hours of work for our ministry. They work very hard and demand or expect nothing.....maybe some coffee and a few breakfast-tacos. They are the few people that I have met that rather work than eat.

We are preparing our Sumer Trip areas and spaces for the first group going into Mexico. June starts our Summer Mission Trips and they will extend through August. Kirk and Cindy Briscoe are in charge of this part of the ministry and have done an excellent job for several years. Their oldest daughter, Carissa, graduated this year. Mallori, the second daughter, received her drivers permit and Carllie, the youngest daughter, became a teenager. They are moving into the house here on the ministry property. It will be nice to have them close-by.

Pray for Russell and Debbie Raymer, they will remain with our ministry, but will relocate to work out of the University in Monterrey, Mexico. Their move will greatly benefit our ministry. Russell films many courses at the University and directs our conferences in Mexico.

During the month of April, Eddie had a new experience. We were in one of the drive-up lines at the bank and his nose all-of-a-sudden begun to bleed out of each nostril, his mouth and the tear-duct in his right eye. Have you ever asked people in line at the bank to back-up their car and let you out? It was exciting, and then we spent seven and a half hours in the emergency room. They could not stop the bleeding.....he takes a blood-thinner and an anti-coagulate medication. Ever had your nose packed? What a thrill, they did his twice. Now he has another interesting story to tell. Ever try to sneeze with your nose packed? What an experience! :o)

God has provided and we are rejoicing in His provisions and blessings! After serving almost forty years as a missionary, I can say, God is good and gracious. He has also given Dianna and me some wonderful friends which have been very faithful in helping us with our ministry. We love each of you and are indebted to you.

Yours in Christ,

Eddie and Dianna Woodfield
